24th Sept 1889

My dear Mr. Gleeh,

I thank you very much for your letter of the 20th Aug –
It is now again time for me to enclose you a cheque for the rent, which I have much pleasure in doing – Please don't trouble to write, when you are very busy; it was only that I had not heard for such a long time, I began to wonder if things had gone right – Did you ever get the Photo of the house! It was taken by one of the boarders –
You know I always have an idea that they will not marry but I am inclined letting her please herself, it is no use worrying them enough troubles already – One does feel that you would wish your girls to

settles happily — I don't know when Ella is to be married, but I think before the end of the year. It is a great comfort to me, very often to realize, there is One who provides all for us, and just when my path is the darkest, a way is opened.
Mr. Rutherford and Maud left for England by the last steamer, Maud is very much better, and can walk nicely, with the use of a stick.
Mr. Maclean's operation has proved successful, she is getting on nicely sits up for an hour or two every day. Iris must be delighted to get home for the holidays, and see Jean Ella; keep quiet if I can manage it, I am going to send Ethel to Miss Stewart at Wyndley as a weekly boarder, she is completely spoilt by the gentlemen (especially the Colonel) it is not good for her, I will I can

send her to Stellenbosch by the Quarter, but it is too expensive
Mrs Pelbenstorm is so well again walks all about the Garden, and takes her interest in everything.
How is Miss Julia Lloyd? I do hope feeling stronger — Please remember me kindly to her —
I often think of you all, how Miss Nella Lloyd and Edith must enjoy the Continental life.
I am expecting Harry on Saturday for the holidays, she has promised to go back for another quarter —
Harry expects to be turned from Wesselsvlei in about six weeks, as young Pretorius leave will then expire — I only hope they will not send him to Johannesburg —
With much love to yourself and the Girls
Believe me
Ever sincerely Yours
[illegible]

Aiyah need to
– teach with
bring
her.
