Troy
27th May 1890

My dear Mr. Gleeh,

Thank you for your letter of the 23rd inst. I should have written last week, but had neglected to get the draft. which I now have been much pleased in enclosing my last letter to you. I addressed to Grace le Mon Post, Miss J. Floyd gave me the address and I am wondering if the letter was received by you. Mrs Mills is sorry to hear Mrs Pillington has been very ill for the last month with Pneumonia and a complication of ailments

for a fortnight. I took care
of her day & night, then Doctor
Keeler insisted upon her having
some one to take care of her, so
I wrote for Miss Metcalf, and she
is here still. Dr's bill is so much
she cannot even feed herself —
I am afraid there is much suffering
in store for her, as the Doctor tells
me there is a cancerous growth in
the abdomen — I begged him not tell her
as she is too old for an operation —
Ella seems thoroughly to have en-
-joyed her stay in Port Elizabeth
she goes on to Detroit next week —
Edith Jeffers home about the
4th July, the bills have been away
eighteen months —
I am sick of servants, they
are the bane of our life —

Miss J. Lloyd has promised to come and see me this evening, she and I often exchange notes, but not many visits.

You will be sorry to hear poor old Mr. Warren has passed away she was ready to go, only I do feel so sorry for the old Gentleman, his only son a lunatic, and his wife taken — Mr. Bennett has been with her for some time.

We are having a great deal of rain this season —

Tomorrow I expect Colonel Griffith and Mrs Van Lenhom come for Germany on the 11th June then we shall know very much —

Yours truly
Mary Stille Austin

Letter to Wife –

President Accommodations to

Mrs. M. Lloyd and Miss daughter

and with love to yourself

Believe me

Sincerely Yours

U. S. Grant
