Brighton
3rd Dec. 1896.

My dear Mr. Bleeth

I have not heard from
any of you for a very long time
I have wondering if the letters I
sent containing drafts have
been received yet, so this
time I shall register the letter
and enclose draft for the
last two months rent. and
hope it will reach you safely
I heard from Miss Lloyd
that you had all been
away from home during
the summer. I do hope

you are feeling much
stronger for the change.
But everything is much the
same! the beauty of the
garden is over for the season
still there are a few flowers.
but the South eastern storm does
for everything.
But can hardly believe Xmas
is so near at hand, it
does not seem like Xmas
Dear - Dick & Edie often
talk of Father Xmas, though
they know my letter always
comes
This letter will reach you

Aug the 25th

Please let me wish you
a happy & prosperous
New Year, may every
blessing be yours. And
when the New Year comes
may it be bright & prosperous
with much love
Dear Mrs Black
Yrs truly
H. W. Knight
