Dear Miss Bleek

I promised to let you know the result of Doke's efforts in connection with the printing of the Bushman Dictionary - I am enclosing a note he wrote to me some days ago.

I am sorry that our efforts have not been more satisfactory.

In a previous conversation with Doke, he expressed the opinion that if the Dictionary is to be published under the auspices of the University of Cape Town, that institution ought to take steps to facilitate matters - It might be well for you to consult

Professor Schapera on this point.
If, however, this is not the case,
Doke ~~is~~ is prepared to take the
matter in hand and even secure
some further financial assistance.
If you will have the dictionary
published by the University of the
Witwatersrand Press. He is not however
optimistic of success in the near future.
In any case, Doke's advice is to wait
for another six months ^{or one year} (and he will try
again — Please let me know
what you decide.

Yours very sincerely
