Dear Miss Bleek,

Thank you very much for your letter of the 26th May + for the cheque of £61.14.10. I see you have only received the 34 sheets though by this time will have received the the last roll which was only posted on Wednesday as we were too rushed to get them all off on the same day.

I am very glad you were pleased with the paintings because some we were afraid were very disappointing.

We are leaving on Wednesday 1st June for Graafreinet + will do as much as we are able to find to do + we will try to find out all we can of the engravings you speak about.

The Maasdoops who we know live at Winterhoek, one of the farms you mention + as Joan their daughter is at Rhodes we hope to be able to get some information before we leave.

about the large figure at Misgund, it is light red on a yellowy grey background; I am

sorry I forgot to put the colour on the back of
the photo I meant to,

yours sincerely

Joyce. vander Riet.
