Dear Miss Bleek,

Since writing to you on the 12th. about review copies of MORE ROCK PAINTINGS we have been able to secure help from our Archaeological Adviser, with the result that the enclosed list of 17 papers seems to be a good deal more suitable than the list you have seen.

If you approve of this second list, but have already sent us a cable regarding the earlier one, please do not bother to cable again.

Yours sincerely,

*J.A. White*
