My own darling

I am so grieved that
you should have returned
without even asking or waiting
for an answer - we sent
to stop him but he was
gone - what you must
be thinking at his return
answers now - I can
bear it, & shall get a
message (if possible) if
he does not quickly
reappear - To set
all your doubts & fears
in your own darling most
entirely at rest -

Now being down at breakfast
I can't answer the business
part now & don't want
much about the other here
in case of being to travel
it to an unsafe message
as go on on another
piece of paper -

Oh don't ask Mr Glover
not to mention all our
wedding plans darling
I know you'll think
so too when I can tell

you why I say this -
all the while I wish
to tell you more when
we meet - unless
I can hear - but I don't
ask her if she have
as I'll tell you -
Most thanks for the
letter & best love flowing
for the latter & I know if
she send them - I'll

My darling
How grateful I am to you
& God that you did tell
me that I can't say -
I so indeed felt what it must
have cost you - It has
abated & I trust one
scratch darling - but if
any thing has strengthened both
intense pain as of course
it was to me both then &
afterwards in remembrance
but I knew you too well
to doubt one second its
having been forced upon
you by some unaccountable

concentration of our
ambitions & that I shall
understand all that by
- by - & until then I
in full trust. And when
you send in return
daily fully satisfied in
mind - I mean that I shall
satisfied you -
you are quite, indeed more
than right in hanging to
me, & there =

I shall break down
daily - I am getting better & stronger
& braver every hour - & I
only trust you may not
I don't think you will,
now you know all
this - We shall try our
best for Tuesday if possible -
but I know if anything makes
it impossible right off then
we shall have strength
to bear the delay -

I dares not write more
now as must see
to business papers & not
to delay you by delay
long when she arrives
from your own demands -

I only say dear (not
to keep you, that dear
lover with a answer
are already I trust with
you — I was to have
used to even put in in an
envelope but know
well how her hands are
made than an envelope
(I mean for safety) —
of course she doesn't
know of its con-
tents — I will
send you it as soon as
soon after as you like

I'll write more
ready for them -
I'm much better -
but dear Lou is but
very bad - poor Mary
today - You'll make
her have a cup of
coffee before I or Lou
at 11 - if you can
get her to leave and
come back here to
do her work for
today - but she
must do as she

Wishes all that -
Goodbye etc III
y^r own Jemima

it can't be here today we must
do it tomorrow - I'd you
not in the mean time speak
to Mr Jacoby at the Anti
in court? so that he & he
get on with that - I also
if you like, give him the
agreement & read so that
he may give us his legal
opinion as to a legal con-
sequence - but tell him
how I've only just read it
(^{written} & found) the lawyer has
not done it as he was
told in some way or
we of course with
altered but we

(a go) with tell him for
them all by Monday -
Sunday -
Now I've got him & his
letters -

I can only find 2 of 2 by
letters relating to this now
I send them - you can read
at leisure & ready to
speak of when we meet
either today or tomorrow
by at time I'll hope to find
more - the sketch
of a agreement he refers to
I unhappily related to him
as he needed it but I know

what it was - just
told in short what he
must have at 1st written
you & had your appo-
val of - I must drop
now for fear of Agnes
Dunn (our old friend)
coming - so goodbye

My darling -
I've just read for the 1st
time the 'agreement' (as it called)
~~and~~ I am quite ashamed
of it! I mean of coming
- it - how they could put
them - I'd never read it be-
fore, not lay head on board, ^{that} quite
certainly it was just as Mr M
(I had agreed - But I must talk
to you about it 1st, then I must
ful to a lawyer also - for I think
it must be altered - some
things at least -
when or where we can
best speak of this, you must
settle with Louie - H

at bottom of page 7 in
2nd line there seems to
be a mistake or omission
of a word —

Page 8 — The word of
the power to lend the \$500
is not quite satisfactory
to me — but you will best
decide all that — it seems
to leave too much
power to me — for one
thing — for another, I
see they have left out also
together the power to also

and you, day or all of the
morning we may come to
us under 3/4 of the mother
marriage settlements -
Perhaps they found they
not well do it - I mean so
as to be legal & yet in
the way that we wished
for I write more fully
about that so it I hardly
ever in the hurry be
overlooked —

~~Dear you~~

I think disrespectful
these things the settle-
ment seems much

more - simpler than the
other - as it leaves I trust
1 other better thing
to be settled quickly by
us afterwards —

But remember dear!
with all to be as you
like, it means as you
think right —
