My darling
How grateful I am to you
& God that you did tell
me that I can't say -
I so indeed felt what it must
have cost you - It has
abated & I trust one
scrap darling - but if
as it has strengthened both
intense pain as of course
it was to me both then &
afterwards in remembrance
but I knew you too well
to doubt one second its
having been forced upon
you by some unaccountable

concatenation of circumstances & that I should
understand all that by
- by - & until then I
in full trust. And when
you read in return
daily fully satisfied in
mind - I mean that I had
satisfied you -
you are quite, indeed more
than right in hanging to
me, & there =

I shall break down
early - I'm getting better & stronger
& braver every hour - & I
only trust you may not
I don't think you will,
now you know all
this - & we shall try our
best for Tuesday if possible -
but I know if anything makes
it impossible right off then
we shall have strength
to bear the delay -

I dares not write more
now as must see
to business papers & not
to delay you by delay
I am when the arrival
I am your own dear friend -
